

happy birthday cayla

15 years old, but not a bit quiet - celebrating cayla group's 15th anniversary

Founded in München in 2001, cayla group celebrates its 15th anniversary on May 10th, 2016.

Since then cayla group survived the internet bubble and the global financial crisis, advised its clients to cope with the consequences of these two major crises and in the meantime developed into an global consulting group with a presence in most European countries, in Southeast Asia and in the USA.

This positive development is a result of the continuous support + dedication of all cayla group staff and cayla group partners.

None of this would have been possible however without the loyalty of cayla group's clients during the past 15 years.

We are proud to have been trusted to effectively execute vital work for our clients during the past 15 years and are happy to look back at having developed mutually successful + close lasting relationships.

In the coming 5 years we will continue to support our clients with our mix of industry expertise, creativity, no-nonsense + hands-on approach and total commitment to support our clients' success.

We thank our clients for their faith + trust in our ability to support them and look forward to continue cooperating successfully in the next 5 years.

With best personal regards,

cayla consulting group
